11. MANAGEMENT DISCUSSION AND ANALYSIS:**a. Industry Structure and Developments:**

The Non Banking Financial Companies (NBFC) industry in the private sector in India is represented by a mix of few large and national level Companies and a large number of small and medium sized, regional and local Companies. These NBFCs provide a variety of services including fund based and free based activities as well as cater to retail and non-retail markets and niche segments.

As a part of the economic reform, the Government is reducing the interest rate to lower the overall finance cost. In spite of this and other banking reforms, no major momentum is witnessed in credit obtained by the industrial sector including core industry.

The imposition of stricter registration and other regulatory compliance requirements over the years have led to better investor protection and improved overall industry environment.

b. Opportunities and Threats:

The Company faces normal market competition in its business. The working of the NBFCs continued to be adversely affected by defaults due to recession and absence of proper and speedier recovery loss and procedure, paucity of funds, over regulations, lack of level playing field, additive tax treatments and disallowance and encroachment by unprofessional and inexperienced fly-by-night operators in the industry.

The continuance of slowdown in economy coupled with the reduction in the interest rate would continue to affect the income level of your Company in the current year. However, with the effective control over the expenses and prudent development of available resources, the Management is hopeful of maintaining satisfactory results.

c. Segment wise Performance:

The Company is operating in single segment. Hence, there is no need of reporting segment wise performance.

d. Recent Trend and Future Outlook:

The Company is likely to continue to maintain its focus on capital market activities including trading in securities and emerging products in derivatives. The Company will also look for any attractive opportunities in other growth areas in the financial services sector.

e. Risks and Concerns:

The Company is exposed to the normal industry risk factors of interest rate volatility, credit risk, market risk and operational risk. It manages these risks by maintaining a conservative financial profile and by following prudent business and risk management practises.

With lower and lower interest regime, the Company's gross income may suffer a set back as being a finance Company its main income is return/yield on its deployable funds.

f. Internal Control Systems and their Adequacy:

The Company has adequate systems of Internal Controls commensurate with its size and operations to ensure orderly and efficient conduct of business. These controls ensure safeguarding of assets, reduction and detection of fraud and error, adequacy and completeness of the accounting records and timely preparation of reliable financial information.

g. Financial Performance with respect to Operational Performance:

The financial performance of the Company for the year 2017-18 is described in the Directors' Report under the head 'Review of Operation'.

h. Material Developments in Human Resources and Industrial Relations Front:

The Company is in process of employing and developing HRD department.

i. Cautionary Statement:

Statement in this Management Discussion and Analysis Report, describing the Company's objectives, estimates and expectations may constitute 'Forward Looking Statements' within the meaning of applicable laws or regulations. Actual results might differ materially from those either expressed or implied.

12. DISCLOSURES:

- a. The Company has not entered into any transaction of material nature with the Promoters, the Directors or the Management that may have any potential conflict with the interest of the Company. The Company has no subsidiary.
- b. There has neither been any non compliance of any legal provision of applicable law, nor any penalty, stricture imposed by the Stock Exchange/s or SEBI or any other authorities, on any matters related to Capital Market during the last three years.

Annexure: B to Auditors' Report

(Referred to in paragraph pertaining to "Report on Other Legal and Regulatory Requirement" of our Report of even date to the members of Prism Finance Limited on the financial statements for the year ended 31st March, 2018)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of Prism Finance Limited ("the Company") as of 31st March, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (IFCOFR) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgments, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Control Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally-accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally-accepted accounting principles, and that receipts and expenditure of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.
